Magic Dressing™

Shines and Protects!

Superior Long Lasting Silicone Dressing

Magic Dressing™ is a superior all-purpose, solvent-based silicone dressing for interior and exterior surfaces. Restores new luster and adds weather resistant protection to vinyl upholstery, tires, rubber moldings, exterior trim and more.

Magic Dressing™ es un abrillantador superior de silicona con base de solvente. Restaura y mejora el brillo original y protege las vestiduras de vinilo, llantas, molduras de hule y cintillos exteriores contra lluvia, fango y otros contaminantes.

- **The Best Tire Dressing On The Market!**
- **Weather Resistant!**
- **Great Scent!**

Directions:

For Tires: Apply to clean and dry tires. Lightly mist with a sprayer then wipe evenly with an applicator pad for a uniform look. Hand application helps to avoid product sling. **For Exterior Molding:** Hand apply with an applicator pad. Do not apply to engines, steering wheel, or interior pedals.

Para Neumáticos: Aplicar en neumáticos limpios y secos. Rosear ligeramente con el atomizador y luego limpiarlo con un aplicador para que tenga una apariencia uniforme. La aplicación a mano ayuda a evitar a que el producto se esparza.

Para Moldeado Externo: Aplicar a mano con el aplicador. No aplicar en motores, timón o en los pedales internos.

An Auto Magic Classic!

Did You Know?

#33 Magic Dressing™ was developed in the mid 70's to replace the old-style paint-on rubberized paint coatings that made the white walls white and the black tires black; literally. Magic Dressing™ standardized premium solvent-based silicone dressings for durability and shine. To this day, Magic Dressing™ is still the standard for premium dressings.
